Deadline EXTENDED!

Kick-Start!

Use the theme of a shoe or shoes as the primary focus of the artwork to symbolize the kick-starting of our lives and to show how to encourage people to step out of the restrictions imposed on everyone this past year.

How can we represent a “kick-start” in energizing the launching of a new stretch of happiness? Is it an athletic shoe that will thrust us forward? Is it a work shoe that will take us back to the office? Is it a high heel that will send us clicking on the dance floor or skipping at a party? How about a sandal that will allow the sand to tickle our toes on the beach? Show a flip flop shoe that will “flip” us into a special happy mood. Maybe it is slippers to guide us to a good night’s sleep. Stomp around in the rain in your old galoshes! Or finally find your “solemate.”

Put some spring into your step and use the “shoe” as a catalyst to launch us into new adventures. The exhibit will be a tribute to the resiliency of women and to the many ways women have found to re-boot their lives since the onset of the corona pandemic. So just put your best foot forward!

Send in your entry form now to signal your intent to participate. Just finish your kicks by the time of exhibition.
